

SPRINT Fan-Wheel Stacker

The VITS Sprint Fan-Wheel Stacker is designed to count, batch, jog and stack sheets or folded product, allowing for continuous production at line speed. Use the Sprint Fan-Wheel stacker inline or near line. Book blocks, signatures and folded product can all be stacked.

100% ACCURACY

The double divert mechanism never misses a sheet, guaranteeing 100% accurate batch counts in every stack.

VARIABLE PAGE COUNT

The fan-wheel stacker can stack variable page count books, back to back, at line speed.

GLUE OR NO GLUE

Optional backbone gluing can be added to hold a book block together.

EASE OF OPERATION

Like all the VITS equipment, new operators can be trained in the operation of the stacker in less than a shift.

EXCLUSIVE FEATURES

Rated Mechanical Speed	1,200 fpm / 365 m/min
Control Technology	Bosch Rexroth
Batch Count Accuracy	+/- 0
Inline and/or Near Line	YES
Range of Product Length	5" – 12.5" / 127 mm – 320 mm
Range of Product Width	4" – 12.5" / 105 mm – 320 mm
Minimum Batch Count	5
Maximum Batch Count	3" / 76 mm
Single Stream	YES
Folded Signatures	YES
Flat Ribbons	YES
Mail Sort Capable	YES
Fast, Tool-Free Set Up	YES
Service Support via Internet	YES
Custom Sizes & Applications Avail.	YES
